July 31, 2020

Warrensburg R-VI Parents,

Thank you all for your responses to our parent survey. We have been able to tailor some of our planning for the start of school on August 26th based on your responses. One of the options that we have begun to develop is our virtual/online learning program for those of you who do not wish to send your student to a face-to-face environment with face masks required for the 1st semester. The virtual/online learning option will be led by a Warrensburg R-VI teacher that is certified in that area of instruction.

Our principals have been working to contact those of you that indicated an interest in the virtual/online option. If you have not been in contact with your student's school and you would like more information about that option, please contact them before August 7th so that they can place staff accordingly.

If your student does not have a device for online learning, your building can help you with that need.

Our current plan remains to start back to school face-to-face on August 26th with precautions in place. One of those precautions is the mandatory wearing of face masks by all staff and students. We must take reasonable precautions to ensure the safety of our students and staff members.

I am attaching our first draft of our Parent Questions and Answers related to COVID-19. We will put this on our COVID-19 district page and update it as we continue to answer questions that you submit. Your questions can be emailed to rhanson@warrensbu6.org.

Thank you so much for your patience and understanding as our staff works to prepare for your student this fall.

Andy
