Dr. Michael Scott, Assistant Superintendent

Mrs. Jackie Duvall, Director of Curriculum and Assessment

April 10, 2020

Good afternoon,

Yesterday, Governor Parson announced that all Missouri public school buildings will remain closed through the remainder of the academic year. This recommendation was made to Governor Parson by the Missouri Department of Elementary and Secondary Education. School services (academic resources) will continue through the last day of the school calendar (May 21st).

The school district will also continue to provide food services until May 21st. There has been no determination yet regarding summer school or summer programs (it is just too soon to know).

I realize that the cancellation of the remainder of the school year is not what any of us wanted to hear. This turn of events leaves all of us with many unanswered questions regarding the end of the school year activities. Be rest-assured that as a school district we will do our best to provide as much normalcy as possible when possible.

In the weeks to come, we will be in communication with everyone regarding end of the year events. Until that time, please continue to be as patient as possible. I wish I had answers to everyone's questions, but there is still too much uncertainty.

While this is not how any of us wanted to end the 2019-2020 school year, please realize that the most important aspects of these events is remaining safe and well.

I wish everyone all the best and please continue to be safe.

Sincerely,

Scott Patrick

District Superintendent
